The U.S. Department of Veterans Affairs (VA) Program of Comprehensive Assistance for Family Caregivers (PCAFC) offers enhanced clinical support for Family Caregivers of eligible Veterans who incurred or aggravated a serious injury in the line of duty (including a serious illness), along with other eligibility criteria. Changes to the program result from the new “Program of Comprehensive Assistance for Family Caregivers Improvements and Amendments Under the VA MISSION Act of 2018” Final Rule, RIN 2900- AQ48, effective October 1, 2020. These changes include:

- Expanding eligibility for PCAFC
- Working towards a contract solution in the near future for finance and legal services for eligible Primary Family Caregivers.
- Making other changes affecting program eligibility and VA’s evaluation of PCAFC applications

**Who May Qualify for PCAFC?**

Family Caregivers of eligible Veterans who incurred or aggravated a serious injury (including a serious illness) in the line of duty in the active military, naval, or air service on or after September 11, 2001, or on or before May 7, 1975 and meet other eligibility criteria.

Note: PCAFC eligibility for all remaining eras will expand on October 1, 2022.

**What is a Legacy Participant or Legacy Applicant?**

A Legacy Participant is an eligible Veteran whose Family Caregiver(s) was approved and designated by VA before October 1, 2020.

A Legacy Applicant is a Veteran or Service member who submits a joint application to VA prior to October 1, 2020 and the Family Caregiver(s) is designated and approved on or after October 1, 2020.

**What Do I Need to Do?**

*No immediate action is required to continue participation in PCAFC.*

A member of your local Caregiver Support Program team will contact you to make arrangements to begin the reassessment process.
Once I am reassessed, what happens?

When the reassessment of a Legacy Applicant, Legacy Participant, and their Family Caregiver(s) results in:

- The Family Caregiver being eligible to receive a stipend equal to or higher than what was being received, the increase will take effect immediately with retroactive payment to October 1, 2020.

- A Family Caregiver being eligible to receive a stipend less than what was being received, the decrease will not take effect until the conclusion of the transitional period.

- A determination of no longer being eligible for PCAFC (and who are not discharged or revoked on another basis), PCAFC eligibility and the monthly stipend will continue through the duration of the transition period.
